Member services will tell you how **Community Health Plan of Imperial Valley** works, how to get the care you need, how to schedule provider appointments during office hours, how to request no-cost interpreting and translation services or written information in alternative formats.

To learn more, call **1-833-236-4141** (TTY 711). You can also find member service information online at www.chpiv.org.

Students who move to a new county or out of California

You can get emergency care and urgent care anywhere in the United States, including the U.S. Territories. Routine and preventive care are covered only in your county of residence. If you are a student who moves to a new county in California to attend higher education, including college, **Community Health Plan of Imperial Valley** will cover emergency room and urgent care services in your new county. You can also get routine or preventive care in your new county, but you must notify your MCP. Read more below.

If you are enrolled in Medi-Cal and are a student in a different county from the California county where you live, you do not need to apply for Medi-Cal in that county.

If you temporarily move away from home to be a student in another county in California, you have two choices. You can:

- Tell your eligibility worker at **your local county social services office** that you are temporarily moving to attend a school for higher education and give them your address in the new county. The county will update the case records with your new address and county code. You must do this if you want to keep getting routine or preventive care while you live in a new county. If **Community Health Plan of Imperial Valley** does not serve the county where you will attend college, you might have to change health plans. For questions and to prevent delay joining the new health plan, call Health Care Options at 1-800-430-4263 (TTY 1-800-430-7077 or 711).

OR

- If **Community Health Plan of Imperial Valley** does not serve the new county where you attend college, and you do not change your health plan to one that serves that county, you will only get emergency room and urgent care services for some conditions in the new county. To learn more, read Chapter 3, “How to get care.” For routine or preventive health care, you would need to use the **Community Health Plan of Imperial Valley** network of providers located in the head of household’s county of residence.

If you are leaving California temporarily to be a student in another state and you want to keep your Medi-Cal coverage, contact your eligibility worker at **your local county social**

Call member services at **1-833-236-4141** (TTY 711). **Community Health Plan of Imperial Valley** is here **24 hours a day, 7 days a week**. The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

services office. As long as you qualify, Medi-Cal will cover emergency services and urgent care in another state. If **Community Health Plan of Imperial Valley** approves the service and the doctor and hospital meet Medi-Cal rules, Medi-Cal will also cover emergency care that requires hospitalization in Canada and Mexico.

Routine and preventive care services, including prescription drugs, are not covered when you are outside of California. You will not qualify for Medi-Cal. **Community Health Plan of Imperial Valley** will not pay for your health care. If you want Medicaid in another state, you will need to apply in that state. Medi-Cal does not cover emergency, urgent, or any other health care services outside of the United States, except for Canada and Mexico as noted in Chapter 3.

Continuity of care

Continuity of Care for an out-of-network provider

As a member of **Community Health Plan of Imperial Valley**, you will get your health care from providers in **Community Health Plan of Imperial Valley's** network. To find out if a health care provider is in the **Community Health Plan of Imperial Valley's** network, read **the Provider Directory.** It has a list of all providers in the **Community Health Plan of Imperial Valley network.** The **Provider Directory has other information to help you choose a provider.** If you need a **Provider Directory, call 1-833-236-4141 (TTY 711).** You can also find the **Provider Directory on the Community Health Plan of Imperial Valley website at www.chpiv.org.** Providers not listed in the directory may not be in the **Community Health Plan of Imperial Valley's** network.

In some cases, you might be able to get care from providers who are not in the **Community Health Plan of Imperial Valley** network. If you were required to change your health plan or to switch from FFS to managed care, or you had a provider who was in network but is now outside the network, you might be able to keep your provider even if they are not in the **Community Health Plan of Imperial Valley** network. This is called continuity of care.

If you need to get care from a provider who is outside the network, call **Community Health Plan of Imperial Valley** to ask for continuity of care. You may be able to get continuity of care for up to 12 months or more if all of these are true:

- You have an ongoing relationship with the out-of-network provider before enrollment in **Community Health Plan of Imperial Valley**

Call member services at **1-833-236-4141 (TTY 711).** **Community Health Plan of Imperial Valley** is here **24 hours a day, 7 days a week.** The call is free. Or call the California Relay Line at 711. Visit online at **www.chpiv.org.**

- You went to the out-of-network provider for a non-emergency visit at least once during the 12 months before your enrollment with **Community Health Plan of Imperial Valley**
- The out-of-network provider is willing to work with **Community Health Plan of Imperial Valley** and agrees to **Community Health Plan of Imperial Valley**'s contract requirements and payment for services
- The out-of-network provider meets **Community Health Plan of Imperial Valley**'s professional standards
- The out-of-network provider is enrolled and participating in the Medi-Cal program

To learn more, call member services at **1-833-236-4141**(TTY 711).

If your providers do not join the **Community Health Plan of Imperial Valley** network by the end of 12 months, do not agree to **Community Health Plan of Imperial Valley** payment rates, or do not meet quality of care requirements, you will need to change to providers in the **Community Health Plan of Imperial Valley** network. To discuss your choices, call member services at **1-833-236-4141**(TTY 711).

Community Health Plan of Imperial Valley is not required to provide continuity of care for an out-of-network provider for certain ancillary (supporting) services such as radiology, laboratory, dialysis centers, or transportation. You will get these services with a provider in **Community Health Plan of Imperial Valley**'s network.

To learn more about continuity of care and if you qualify, call **1-833-236-4141**.

Completion of covered services from an out-of-network provider

As a member of **Community Health Plan of Imperial Valley**, you will get covered services from providers in **Community Health Plan of Imperial Valley**'s network. If you are being treated for certain health conditions at the time you enrolled with **Community Health Plan of Imperial Valley** or at the time your provider left **Community Health Plan of Imperial Valley**'s network, you might also still be able to get Medi-Cal services from an out-of-network provider.

You might be able to continue care with an out-of-network provider for a specific time period if you need covered services for these health conditions:

For other conditions that might qualify, call **1-833-236-4141**.

If an out-of-network provider is not willing to keep providing services or does not agree to **Community Health Plan of Imperial Valley**'s contract requirements, payment, or other terms for providing care, you will not be able to get continued care from the provider.

Costs

Member costs

[Community Health Plan of Imperial Valley](#) serves people who qualify for Medi-Cal. In most cases, [Community Health Plan of Imperial Valley](#) members do **not** have to pay for covered services, premiums, or deductibles. If you are an American Indian, you do not have to pay enrollment fees, premiums, deductibles, co-pays, cost sharing, or other similar charges. MCPs must not charge any American Indian member who gets an item or service directly from an IHCP or through a referral to an IHCP or reduce payments due to an IHCP by the amount of any enrollment fee, premium, deductible, copayment, cost sharing, or similar charge.

If you are enrolled in the California Children's Health Insurance Program (CCHIP) in Santa Clara, San Francisco, or San Mateo counties or are enrolled in Medi-Cal for Families, you might have a monthly premium and co-pays.

Except for emergency care, urgent care, or sensitive care, you must get pre-approval (prior authorization) from [Community Health Plan of Imperial Valley](#) before you visit a provider outside the [Community Health Plan of Imperial Valley](#) network. If you do not get pre-approval (prior authorization) and you go to a provider outside the network for care that is not emergency care, urgent care, or sensitive care, you might have to pay for care you got from that provider. For a list of covered services, read Chapter 4, "Benefits and services" in this handbook. You can also find the Provider Directory on the [Community Health Plan of Imperial Valley](#) website at www.chpiv.org.

For members with long-term care and a share of cost

You might have to pay a share of cost each month for your long-term care services. The amount of your share of cost depends on your income and resources. Each month, you will pay your own health care bills, including but not limited to Long-Term Support Service (LTSS) bills, until the amount you have paid equals your share of cost. After that, [Community Health Plan of Imperial Valley](#) will cover your long-term care for that month. You will not be covered by [Community Health Plan of Imperial Valley](#) until you have paid your entire long-term care share of cost for the month.

How a provider gets paid

[Community Health Plan of Imperial Valley](#) pays providers in these ways:

- Capitation payments
 - [Community Health Plan of Imperial Valley](#) pays some providers a set amount of money every month for each [Community Health Plan of Imperial Valley](#) member. This is called a capitation payment. [Community Health Plan of Imperial Valley](#) and providers work together to decide on the payment amount.
- FFS payments
 - Some providers give care to [Community Health Plan of Imperial Valley](#) members and send [Community Health Plan of Imperial Valley](#) a bill for the services they provided. This is called an FFS payment. [Community Health Plan of Imperial Valley](#) and providers work together to decide how much each service costs.
- Incentive Payment
 - [Community Health Plan of Imperial Valley](#) also pays providers for meeting certain quality benchmarks.

To learn more about how [Community Health Plan of Imperial Valley](#) pays providers, call [1-833-236-4141](tel:1-833-236-4141) (TTY 711).

If you get a bill from a health care provider

Covered services are health care services that [Community Health Plan of Imperial Valley](#) must pay. If you get a bill for support services fees, copayments, or registration fees for a covered service, do not pay the bill. Call member services right away at [1-833-236-4141](tel:1-833-236-4141) (TTY 711).

Asking **Community Health Plan of Imperial Valley** to pay you back for expenses

If you paid for services that you already got, you might qualify to be reimbursed (paid back) if you meet **all** of these conditions:

- The service you got is a covered service that **Community Health Plan of Imperial Valley** is responsible for paying. **Community Health Plan of Imperial Valley** will not reimburse you for a service that **Community Health Plan of Imperial Valley** does not cover.
- You got the covered service after you became an eligible **Community Health Plan of Imperial Valley** member.
- You ask to be paid back within one year from the date you got the covered service.
- You show proof that you paid for the covered service, such as a detailed receipt from the provider.
- You got the covered service from a Medi-Cal enrolled provider in **Community Health Plan of Imperial Valley's** network. You do not need to meet this condition if you got emergency care, family planning services, or another service that Medi-Cal allows out-of-network providers to perform without pre-approval (prior authorization).
- If the covered service normally requires pre-approval (prior authorization), you need to give proof from the provider that shows a medical need for the covered service.

Community Health Plan of Imperial Valley will tell you if they will reimburse you in a letter called a Notice of Action (NOA). If you meet all of the above conditions, the Medi-Cal-enrolled provider should pay you back for the full amount you paid. If the provider refuses to pay you back, **Community Health Plan of Imperial Valley** will pay you back for the full amount you paid. We must reimburse you within 45 working days of receipt of the claim. If the provider is enrolled in Medi-Cal but is not in the **Community Health Plan of Imperial Valley** network and refuses to pay you back, **Community Health Plan of Imperial Valley** will pay you back, but only up to the amount that FFS Medi-Cal would pay. **Community Health Plan of Imperial Valley** will pay you back for the full out-of-

If you do not meet one of the above conditions, **Community Health Plan of Imperial Valley** will not pay you back.

Community Health Plan of Imperial Valley will not pay you back if:

- You asked for and got services that are not covered by Medi-Cal, such as cosmetic services
- The service is not a covered service for **Community Health Plan of Imperial Valley**
- You have an unmet Medi-Cal share of cost
- You went to a doctor who does not take Medi-Cal and you signed a form that said you want to be seen anyway and you will pay for the services yourself
- You have Medicare Part D co-pays for prescriptions covered by your Medicare Part D plan

3. How to get care

Getting health care services

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED

You can start getting health care services on your effective date of enrollment in [Community Health Plan of Imperial Valley](#). Always carry with you your [Community Health Plan of Imperial Valley](#) Identification (ID) card, Medi-Cal Benefits Identification Card (BIC), and any other health insurance cards. Never let anyone else use your BIC or [Community Health Plan of Imperial Valley](#) ID card.

New members with only Medi-Cal coverage must choose a primary care provider (PCP) in the [Community Health Plan of Imperial Valley](#) network. New members with both Medi-Cal and comprehensive other health coverage do not have to choose a PCP.

The [Community Health Plan of Imperial Valley](#) network is a group of doctors, hospitals, and other providers who work with [Community Health Plan of Imperial Valley](#). You must choose a PCP within 30 days from the time you become a member of [Community Health Plan of Imperial Valley](#). If you do not choose a PCP, [Community Health Plan of Imperial Valley](#) will choose one for you.

You can choose the same PCP or different PCPs for all family members in [Community Health Plan of Imperial Valley](#), as long as the PCP is available.

If you have a doctor you want to keep, or you want to find a new PCP, go to the Provider Directory for a list of all PCPs and other providers in the [Community Health Plan of Imperial Valley](#) network. The Provider Directory has other information to help you choose a PCP. If you need a Provider Directory, call [1-833-236-4141](#) (TTY or 711). You can also find the Provider Directory on the [Community Health Plan of Imperial Valley](#) website at www.chpiv.org.

If you cannot get the care you need from a participating provider in the [Community Health Plan of Imperial Valley](#) network, your PCP or specialist in [Community Health Plan of Imperial Valley's](#) network must ask [Community Health Plan of Imperial Valley](#) for approval to send you to an out-of-network provider. This is called a referral. You do not

need a referral to go to an out-of-network provider to get sensitive care services listed under the heading “Sensitive care” later in this chapter.

Read the rest of this chapter to learn more about PCPs, the Provider Directory and the provider network.

The Medi-Cal Rx program administers outpatient prescription drug [coverage](#). To learn more, read “Other Medi-Cal programs and services” in Chapter 4.

Primary care provider (PCP)

Your primary care provider (PCP) is the licensed provider you go to for most of your health care. Your PCP also helps you get other types of care you need. You must choose a PCP within 30 days of enrolling in [Community Health Plan of Imperial Valley](#). Depending on your age and sex, you can choose a general practitioner, OB/GYN, family practitioner, internist, or pediatrician as your PCP.

A nurse practitioner (NP), physician assistant (PA), or certified nurse midwife can also act as your PCP. If you choose an NP, PA, or certified nurse midwife, you **will** be assigned a doctor to oversee your care. If you are in both Medicare and Medi-Cal, or if you also have other comprehensive health care insurance, you do not have to choose a PCP.

You can choose an Indian Health Care Provider (IHCP), Federally Qualified Health Center (FQHC), or Rural Health Clinic (RHC) as your PCP. Depending on the type of provider, you might be able to choose one PCP for yourself and your other family members who are members of [Community Health Plan of Imperial Valley](#), as long as the PCP is available.

Note: American Indians can choose an IHCP as their PCP, even if the IHCP is not in the [Community Health Plan of Imperial Valley](#) network.

If you do not choose a PCP within 30 days of enrollment, [Community Health Plan of Imperial Valley](#) will assign you to a PCP. If you are assigned to a PCP and want to change, call [1-833-236-4141](#) (TTY 711). The change happens the first day of the next month.

Your PCP will:

- Keep your health records
- Give you the preventive and routine health care you need
- Refer (send) you to a specialist if you need one
- Arrange for hospital care if you need it

You can look in the Provider Directory to find a PCP in the [Community Health Plan of Imperial Valley](#) network. The Provider Directory has a list of IHCPs, FQHCs and RHCs that work with [Community Health Plan of Imperial Valley](#).

You can find the [Community Health Plan of Imperial Valley](#) Provider Directory online at www.chpiv.org. Or you can request a Provider Directory to be mailed to you by calling [1-833-236-4141](tel:1-833-236-4141) (TTY 711). You can also call to find out if the PCP you want is taking new patients.

Choice of doctors and other providers

You know your health care needs best, so it is best if you choose your PCP.

It is best to stay with one PCP so they can get to know your health care needs. If you want to change to a new PCP, you can change anytime. You must choose a PCP who is in the [Community Health Plan of Imperial Valley](#) provider network and is taking new patients.

Your new choice will become your PCP on the first day of the next month after you make the change.

To change your PCP, call [1-833-236-4141](tel:1-833-236-4141) (TTY 711).

[Community Health Plan of Imperial Valley](#) can change your PCP if the PCP is not taking new patients, has left the [Community Health Plan of Imperial Valley](#) network, does not give care to patients your age, or if there are quality concerns with the PCP that are not resolved. [Community Health Plan of Imperial Valley](#) or your PCP might also ask you to change to a new PCP if you cannot get along with or agree with your PCP, or if you miss or are late to appointments. If [Community Health Plan of Imperial Valley](#) needs to change your PCP, [Community Health Plan of Imperial Valley](#) will tell you in writing.

If your PCP changes, you will get a letter and new [Community Health Plan of Imperial Valley](#) member ID card in the mail. It will have the name of your new PCP. Call member services if you have questions about getting a new ID card.

Some things to think about when picking a PCP:

- Does the PCP take care of children?

Call member services at [1-833-236-4141](tel:1-833-236-4141) (TTY 711). [Community Health Plan of Imperial Valley](#) is here [24 hours a day, 7 days a week](#). The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

- Does the PCP work at a clinic I like to use?
- Is the PCP's office close to my home, work, or my children's school?
- Is the PCP's office near where I live and is it easy to get to the PCP's office?
- Do the doctors and staff speak my language?
- Does the PCP work with a hospital I like?
- Does the PCP provide the services I need?
- Do the PCP's office hours fit my schedule?
- Does the PCP work with specialists I use?

Initial Health Appointment (IHA)

Community Health Plan of Imperial Valley recommends that, as a new member, you visit your new PCP within 120 days for an Initial Health Appointment (IHA). The purpose of the IHA is to help your PCP learn your health care history and needs. Your PCP might ask you questions about your health history or may ask you to complete a questionnaire. Your PCP will also tell you about health education counseling and classes that can help you.

When you call to schedule your IHA appointment, tell the person who answers the phone that you are a member of **Community Health Plan of Imperial Valley**. Give your **Community Health Plan of Imperial Valley** ID number.

Take your BIC and **Community Health Plan of Imperial Valley** ID card to your appointment. It is a good idea to take a list of your medicine and questions with you to your visit. Be ready to talk with your PCP about your health care needs and concerns.

Be sure to call your PCP's office if you are going to be late or cannot go to your appointment.

If you have questions about IHA, call **1-833-236-4141** (TTY 711).

Routine care

Routine care is regular health care. It includes preventive care, also called wellness or well care. It helps you stay healthy and helps keep you from getting sick. Preventive care includes regular checkups, health education, and counseling.

Community Health Plan of Imperial Valley recommends that children, especially, get regular routine and preventive care. **Community Health Plan of Imperial Valley** members can get all recommended early preventive services recommended by the American

For a list of pediatrician-recommended services, read the “Bright Futures” guidelines from the American Academy of Pediatrics at https://downloads.aap.org/AAP/PDF/periodicity_schedule.pdf.

Routine care also includes care when you are sick. **Community Health Plan of Imperial Valley** covers routine care from your PCP.

Your PCP will:

- Give you most of your routine care, including regular checkups, shots, treatment, prescriptions, and medical advice
- Keep your health records
- Refer (send) you to specialists if needed
- Order X-rays, mammograms, or lab work if you need them

When you need routine care, you will call your doctor for an appointment. Be sure to call your PCP before you get medical care unless it is an emergency. For an emergency, call **911** or go to the nearest emergency room.

To learn more about health care and services your plan covers, and what it does not cover, read Chapter 4, “Benefits and services” and Chapter 5, “Child and youth well care” in this handbook.

All **Community Health Plan of Imperial Valley** providers can use aids and services to communicate with people with disabilities. They can also communicate with you in another language or format. Tell your provider or **Community Health Plan of Imperial Valley** what you need.

Provider network

The Medi-Cal provider network is the group of doctors, hospitals, and other providers that work with **Community Health Plan of Imperial Valley** to provide Medi-Cal covered services to Medi-Cal members.

Community Health Plan of Imperial Valley is a managed care health plan. You must get most of your covered services through **Community Health Plan of Imperial Valley** from

Call member services at **1-833-236-4141** (TTY 711). **Community Health Plan of Imperial Valley** is here **24 hours a day, 7 days a week**. The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

our in-network providers. You can go to an out-of-network provider without a referral or pre-approval for emergency care or for family planning services. You can also go to an out-of-network provider for out-of-area urgent care when you are in an area that we do not serve. You must have a referral or pre-approval for all other out-of-network services, or they will not be covered.

Note: American Indians can choose an IHCP as their PCP, even if the IHCP is not in the [Community Health Plan of Imperial Valley](#) network.

If your PCP, hospital or other provider has a moral objection to providing you with a covered service, such as family planning or abortion, call [1-833-236-4141](tel:1-833-236-4141) (TTY 711). For more about moral objections, read “Moral objection” later in this chapter.

If your provider has a moral objection to giving you covered health care services, they can help you find another provider who will give you the services you need. [Community Health Plan of Imperial Valley](#) can also help you find a provider who will perform the service.

In-network providers

You will use providers in the [Community Health Plan of Imperial Valley](#) network for most of your health care needs. You will get preventive and routine care from in-network providers. You will also use specialists, hospitals and other providers in the [Community Health Plan of Imperial Valley](#) network.

To get a Provider Directory of in-network providers, call [1-833-236-4141](tel:1-833-236-4141) (TTY 711). You can also find the Provider Directory online at www.chpiv.org. To get a copy of the Contract Drugs List, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711. Or go to the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>.

You must get pre-approval (prior authorization) from [Community Health Plan of Imperial Valley](#) before you go to a provider outside the [Community Health Plan of Imperial Valley](#) network, including inside the [Community Health Plan of Imperial Valley](#) service area, except in these cases:

- If you need emergency care, call 911 or go to the nearest hospital.
- If you are outside the [Community Health Plan of Imperial Valley](#) service area and need urgent care, go to any urgent care facility.
- If you need family planning services, go to any Medi-Cal provider without pre-approval (prior authorization).
- If you need mental health services, go to an in-network provider or a county

Call member services at [1-833-236-4141](tel:1-833-236-4141) (TTY 711). [Community Health Plan of Imperial Valley](#) is here [24 hours a day, 7 days a week](#). The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

mental health plan provider, without pre-approval (prior authorization).

If you are not in one of the cases listed above and you do not get pre-approval (prior authorization) before getting care from a provider outside the network, you might be responsible for paying for any care you got from out-of-network providers.

Out-of-network providers who are inside the service area

Out-of-network providers are health care providers that do not have an agreement to work with [Community Health Plan of Imperial Valley](#). Except for emergency care, you might have to pay for any care you get from out-of-network providers. If you need medically necessary health care services that are not available in the network, you might be able to get them from an out-of-network provider at no cost to you.

[Community Health Plan of Imperial Valley](#) may approve a referral to an out-of-network provider if the services you need are not available in-network or are located very far from your home. If we give you a referral to an out-of-network provider, we will pay for your care.

For urgent care inside the [Community Health Plan of Imperial Valley](#) service area, you must go to a [Community Health Plan of Imperial Valley](#) in-network urgent care provider. You do not need pre-approval (prior authorization) to get urgent care from an in-network provider. You do need to get pre-approval (prior authorization) to get urgent care from an out-of-network provider inside the [Community Health Plan of Imperial Valley](#) service area. If you get urgent care from an out-of-network provider inside [Community Health Plan of Imperial Valley](#) service area, you might have to pay for that care. You can read more about emergency care, urgent care, and sensitive care services in this chapter.

Note: If you are an American Indian, you can get care at an IHCP outside of our provider network without a referral. An out-of-network IHCP can also refer American Indian members to an in-network provider without first requiring a referral from an in-network PCP.

If you need help with out-of-network services, call [1-833-236-4141](#) (TTY 711).

Outside the service area

If you are outside of the [Community Health Plan of Imperial Valley](#) service area and need care that is **not** an emergency or urgent, call your PCP right away. Or call [1-833-236-4141](#) (TTY 711).

For emergency care, call **911** or go to the nearest emergency room. [Community Health Plan of Imperial Valley](#) covers out-of-network emergency care. If you travel to Canada

Call member services at [1-833-236-4141](#) (TTY 711). [Community Health Plan of Imperial Valley](#) is here [24 hours a day, 7 days a week](#). The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

or Mexico and need emergency care requiring hospitalization, [Community Health Plan of Imperial Valley](#) will cover your care. If you are traveling abroad outside of Canada or Mexico and need emergency care, urgent care, or any health care services [Community Health Plan of Imperial Valley](#) will **not** cover your care.

If you paid for emergency care requiring hospitalization in Canada or Mexico, you can ask [Community Health Plan of Imperial Valley](#) to pay you back. [Community Health Plan of Imperial Valley](#) will review your request.

If you are in another state or are in a US Territory such as American Samoa, Guam, Northern Mariana Islands, Puerto Rico, or US Virgin Islands, you are covered for emergency care. Not all hospitals and doctors accept Medicaid. (Medi-Cal is what Medicaid is called in California only.) If you need emergency care outside of California, tell the hospital or emergency room doctor as soon as possible that you have Medi-Cal and are a member of [Community Health Plan of Imperial Valley](#).

Ask the hospital to make copies of your [Community Health Plan of Imperial Valley](#) ID card. Tell the hospital and the doctors to bill [Community Health Plan of Imperial Valley](#). If you get a bill for services you got in another state, call [Community Health Plan of Imperial Valley](#) right away. We will work with the hospital and/or doctor to arrange for [Community Health Plan of Imperial Valley](#) to pay for your care.

If you are outside of California and have an emergency need to fill outpatient prescription drugs, have the pharmacy call Medi-Cal Rx at 1-800-977-2273.

Note: American Indians may get services at out-of-network IHCPs.

If you have questions about out-of-network or out-of-service-area care, call [1-833-236-4141](#) (TTY 711). If the office is closed and you want help from a representative, call [the nurse advice line at 1-833-236-4141](#) (TTY 711). [Choose the 24-hour nurse advice line option in the menu.](#)

If you need urgent care out of the [Community Health Plan of Imperial Valley](#) service area, go to the nearest urgent care facility. If you are traveling outside the United States and need urgent care, [Community Health Plan of Imperial Valley](#) will not cover your care. For more on urgent care, read “Urgent care” later in this chapter.

How managed care works

[Community Health Plan of Imperial Valley](#) is a managed care plan. [Community Health Plan of Imperial Valley](#) provides care to members who live or work in [Imperial](#) County. In managed care, your PCP, specialists, clinic, hospital, and other providers work together to care for you.

Call member services at [1-833-236-4141](#) (TTY 711). [Community Health Plan of Imperial Valley](#) is here [24 hours a day, 7 days a week](#). The call is free. Or call the California Relay Line at 711. Visit online at [www.chpiv.org](#).

Community Health Plan of Imperial Valley contracts with medical groups to provide care to **Community Health Plan of Imperial Valley** members. A medical group is made up of doctors who are PCPs and specialists. The medical group works with other providers such as laboratories and durable medical equipment suppliers. The medical group is also connected with a hospital. Check your **Community Health Plan of Imperial Valley** ID card for the names of your PCP, medical group, and hospital.

When you join **Community Health Plan of Imperial Valley**, you choose or are assigned to a PCP. Your PCP is part of a medical group. Your PCP and medical group direct the care for all of your medical needs. Your PCP may refer you to specialists or order lab tests and X-rays. If you need services that require pre-approval (prior authorization), **Community Health Plan of Imperial Valley** or your medical group will review the pre-approval (prior authorization) and decide whether to approve the service.

In most cases, you must go to specialists and other health professionals who work with the same medical group as your PCP. Except for emergencies, you must also get hospital care from the hospital connected with your medical group.

Sometimes, you might need a service that is not available from a provider in the medical group. In that case, your PCP will refer you to a provider who is in another medical group or is outside the network. Your PCP will ask for pre-approval (prior authorization) for you to go to this provider.

In most cases, you must have prior authorization from your PCP, medical group, or **Community Health Plan of Imperial Valley** before you can go to an out-of-network provider or a provider who is not part of your medical group. You do not need pre-approval (prior authorization) for emergency services, family planning services, or in-network mental health services.

Members who have both Medicare and Medi-Cal

Members with Medicare and Medi-Cal should access Medicare providers for Medicare covered benefits and Medi-Cal plan providers for Medi-Cal covered benefits.

- **If you have a Medicare Advantage Plan including a Dual Special Needs Plan (D-SNP), please reference your Medicare plan's Evidence of Coverage (EOC)**
- **If you have Medicare Fee for Service (FFS), please reference the "Medicare & You" handbook provided by Medicare. It can also be found on Medicare's website: <https://www.medicare.gov/medicare-and-you>.**

Doctors

You will choose a doctor from the [Community Health Plan of Imperial Valley](#) Provider Directory as your PCP. The doctor you choose must be an in-network provider. To get a copy of the [Community Health Plan of Imperial Valley](#) Provider Directory, call [1-833-236-4141](#) (TTY 711). Or find it online at www.chpiv.org.

If you are choosing a new PCP, you should also call the PCP you want to make sure they are taking new patients.

If you had a doctor before you were a member of [Community Health Plan of Imperial Valley](#), and that doctor is not part of the [Community Health Plan of Imperial Valley](#) network, you might be able to keep that doctor for a limited time. This is called continuity of care. You can read more about continuity of care in this handbook. To learn more, call [1-833-236-4141](#) (TTY 711).

If you need a specialist, your PCP will refer you to a specialist in the [Community Health Plan of Imperial Valley](#) network. Some specialists do not require a referral. For more on referrals, read “Referrals” later in this chapter.

Remember, if you do not choose a PCP, [Community Health Plan of Imperial Valley](#) will choose one for you, unless you have other comprehensive health coverage in addition to Medi-Cal. You know your health care needs best, so it is best if you choose. If you are in both Medicare and Medi-Cal, or if you have other health care insurance, you do not have to choose a PCP from [Community Health Plan of Imperial Valley](#).

If you want to change your PCP, you must choose a PCP from the [Community Health Plan of Imperial Valley](#) Provider Directory. Be sure the PCP is taking new patients. To change your PCP, call [1-833-236-4141](#) (TTY 711) [You are able to make a PCP change by mail, fax, and/or the member portal.](#)

Hospitals

In an emergency, call **911** or go to the nearest hospital.

If it is not an emergency and you need hospital care, your PCP will decide which hospital you go to. You will need to go to a hospital that your PCP uses and is in the [Community Health Plan of Imperial Valley](#) provider network. The Provider Directory lists the hospitals in the [Community Health Plan of Imperial Valley](#) network.

Women’s health specialists

You can go to a women’s health specialist in [Community Health Plan of Imperial Valley’s](#)

network for covered care necessary to provide women's routine care services. You do not need a referral or authorization from your PCP to get these services. For help finding a women's health specialist, you can call **1-833-236-4141** (TTY 711). You can also call the 24/7 **nurse advice line by calling the member services phone number at 1-833-236-4141** (TTY 711).

Provider Directory

The **Community Health Plan of Imperial Valley** Provider Directory lists providers in the **Community Health Plan of Imperial Valley** network. The network is the group of providers that work with **Community Health Plan of Imperial Valley**.

The **Community Health Plan of Imperial Valley** Provider Directory lists hospitals, PCPs, specialists, nurse practitioners, nurse midwives, physician assistants, family planning providers, FQHCs, outpatient mental health providers, managed long-term services and supports (MLTSS), Freestanding Birth Centers (FBCs), IHCPs, and RHCs.

The Provider Directory has **Community Health Plan of Imperial Valley** in-network provider names, specialties, addresses, phone numbers, business hours and languages spoken. It tells you if the provider is taking new patients. It also gives the physical accessibility for the building, such as parking, ramps, stairs with handrails, and restrooms with wide doors and grab bars. To learn more about a doctor's education, training, and board certification, call **1-833-236-4141** (TTY 711).

You can find the online Provider Directory at www.chpiv.org.

If you need a printed Provider Directory, call **1-833-236-4141** (TTY 711).

You can find a list of pharmacies that work with Medi-Cal Rx in the Medi-Cal Rx Pharmacy Directory at <https://medi-calrx.dhcs.ca.gov/home/>. You can also find a pharmacy near you by calling Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711.

Timely access to care

Your in-network provider must provide timely access to care based on your health care needs. At minimum, they must offer you an appointment listed in the time frames in the table below.

Appointment type	You should be able to get an appointment within:
Urgent care appointments that do not require pre-approval (prior authorization)	48 hours
Urgent care appointments that do require pre-approval (prior authorization)	96 hours
Non-urgent (routine) primary care appointments	10 business days
Non-urgent (routine) specialist care appointments	15 business days
Non-urgent (routine) mental health provider (non-doctor) care appointments	10 business days
Non-urgent (routine) mental health provider (non-doctor) follow-up care appointments	10 business days of last appointment
Non-urgent (routine) appointments for ancillary (supporting) services for the diagnosis or treatment of injury, illness or other health condition	15 business days

Other wait time standards	You should be able to get connected within:
Member services telephone wait times during normal business hours	10 minutes
Telephone wait times for nurse advice line	30 minutes (connected to nurse)

Sometimes waiting longer for an appointment is not a problem. Your provider might give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health. Also, if you prefer to

wait for a later appointment that will better fit your schedule or go to another provider of your choice, your provider or your Managed Care Plan will respect your wish.

Your doctor may recommend a specific schedule for preventive services, follow-up care for ongoing conditions, or standing referrals to specialists, depending on your needs.

Tell us if you need interpreter services when you call [Community Health Plan of Imperial Valley](#) or when you get covered services. Interpreter services, including sign language, are available at no cost to you. We highly discourage the use of minors or family members as interpreters. To learn more about interpreter services we offer, call [1-833-236-4141](#).

If you need interpreter services, including sign language, at a Medi-Cal Rx pharmacy, call Medi-Cal Rx Customer Service at 1-800-977-2273, 24 hours a day, 7 days a week. TTY users can call 711, Monday through Friday, 8 a.m. to 5 p.m.

Travel time or distance to care

[Community Health Plan of Imperial Valley](#) must follow travel time or distance standards for your care. Those standards help make sure you can get care without having to travel too far from where you live. Travel time or distance standards depend on the county you live in.

If [Community Health Plan of Imperial Valley](#) is not able to provide care to you within these travel time or distance standards, DHCS may allow a different standard, called an alternative access standard. For [Community Health Plan of Imperial Valley's](#) time or distance standards for where you live, visit www.chpiv.org. Or call [1-833-236-4141](#) (TTY 711).

If you need care from a provider located far from where you live, call member services at [1-833-236-4141](#) (TTY 711). They can help you find care with a provider located closer to you. If [Community Health Plan of Imperial Valley](#) cannot find care for you from a closer provider, you can ask [Community Health Plan of Imperial Valley](#) to arrange transportation for you to go to your provider, even if that provider is located far from where you live.

If you need help with pharmacy providers, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711.

It is considered far if you cannot get to that provider within the [Community Health Plan of Imperial Valley's](#) travel time or distance standards for your county, regardless of any

alternative access standard [Community Health Plan of Imperial Valley](#) might use for your ZIP Code.

Appointments

When you need health care:

- Call your PCP
- Have your [Community Health Plan of Imperial Valley](#) ID number ready on the call
- Leave a message with your name and phone number if the office is closed
- Take your BIC and [Community Health Plan of Imperial Valley](#) ID card to your appointment
- Ask for transportation to your appointment, if needed
- Ask for needed language assistance or interpreting services, before your appointment to have the services at the time of your visit
- Be on time for your appointment, arrive a few minutes early to sign in, fill out forms and answer any questions your PCP may have
- Call right away if you cannot keep your appointment or will be late
- Have your questions and medication information ready

If you have an emergency, call **911** or go to the nearest emergency room. If you need help deciding how urgently you need care and your PCP is not available to speak with you, call the [nurse advice line](#).

Getting to your appointment

If you don't have a way to get to and from your appointments for covered services, [Community Health Plan of Imperial Valley](#) can help arrange transportation for you. Depending on your situation, you may qualify for either Medical Transportation or for Non-Medical Transportation. These transportation services are not for emergencies and may be available at no cost to you.

If you are having an emergency, call **911**. Transportation is available for services and appointments not related to emergency care. They may be available at no cost to you.

To learn more, read, "Transportation benefits for situations that are not emergencies" below.

Call member services at [1-833-236-4141](tel:1-833-236-4141) (TTY 711). [Community Health Plan of Imperial Valley](#) is here [24 hours a day, 7 days a week](#). The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

Canceling and rescheduling

If you can't get to your appointment, call your provider's office right away. Most doctors require you to call 24 hours (1 business day) before your appointment if you have to cancel. If you miss repeated appointments, your doctor might stop providing care to you and you will have to find a new doctor.

Payment

You do **not** have to pay for covered services unless you have a share of cost for long-term care. To learn more, read "For members with long-term care and a share of cost" in Chapter 2. In most cases, you will not get a bill from a provider. You must show your **Community Health Plan of Imperial Valley** ID card and your Medi-Cal BIC when you get health care services or prescriptions, so your provider knows who to bill. You can get an Explanation of Benefits (EOB) or a statement from a provider. EOBs and statements are not bills.

If you do get a bill, call **1-833-236-4141** (TTY 711). If you get a bill for prescriptions, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711. Or visit the Medi-Cal Rx website at <https://medi-calrx.dhcs.ca.gov/home/>. Tell **Community Health Plan of Imperial Valley** the amount you are being charged, the date of service, and the reason for the bill. You do not need to pay providers for any amount owed by **Community Health Plan of Imperial Valley** for any covered service. You must get pre-approval (prior authorization) from **Community Health Plan of Imperial Valley** before you visit an out-of-network provider except when:

- You need emergency services, in which case dial 911 or go to the nearest hospital
- You need family planning services or services related to testing for sexually transmitted infections, in which case you can go to any Medi-Cal provider without pre-approval (prior authorization)
- You need mental health services, in which case you can go to an in-network provider or to a county mental health plan provider without pre-approval (prior authorization)

If you get care from an out-of-network provider and you did not get pre-approval (prior authorization) from **Community Health Plan of Imperial Valley**, you might have to pay for the care you got. If you need to get medically necessary care from an out-of-network

Call member services at **1-833-236-4141** (TTY 711). **Community Health Plan of Imperial Valley** is here **24 hours a day, 7 days a week**. The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

provider because it is not available in the [Community Health Plan of Imperial Valley](#) network, you will not have to pay as long as the care is a Medi-Cal covered service and you got pre-approval (prior authorization) from [Community Health Plan of Imperial Valley](#) for it. To learn more about emergency care, urgent care, and sensitive services, go to those headings in this chapter.

If you get a bill or are asked to pay a co-pay you don't think you have to pay, call [1-833-236-4141](#) (TTY 711).

If you get services in the Veterans Affairs system or get non-covered or unauthorized services outside of California, you might be responsible for payment.

[Community Health Plan of Imperial Valley](#) will not pay you back if:

- The services are not covered by Medi-Cal such as cosmetic services
- You have an unmet Medi-Cal share of cost
- You went to a doctor who does not take Medi-Cal and you signed a form that said you want to be seen anyway and you will pay for the services yourself
- You asked to be paid back for co-pays for prescriptions covered by your Medicare Part D plan

Referrals

If you need a specialist for your care, your PCP or another specialist will give you a referral to one. A specialist is a provider who focuses on one type of health care service. The doctor who refers you will work with you to choose a specialist. To help make sure you can go to a specialist in a timely way, DHCS sets time frames for members to get appointments. These time frames are listed in "Timely access to care" in this handbook. Your PCP's office can help you set up an appointment with a specialist.

Other services that might need a referral include in-office procedures, X-rays, lab work and [some services from a specialist](#).

Your PCP might give you a form to take to the specialist. The specialist will fill out the form and send it back to your PCP. The specialist will treat you for as long as they think you need treatment.

Call member services at [1-833-236-4141](#) (TTY 711). [Community Health Plan of Imperial Valley](#) is here [24 hours a day, 7 days a week](#). The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

Your PCP will start the referral process. Your PCP will know whether you need an authorization or whether you can make the appointment directly. If you have any questions about whether care from a specialist or from a hospital needs approval, you can call member services at 1-833-236-4141 (TTY 711). Routine referrals take up to 5 working days to process (“working days” are Monday through Friday) but may take up to 28 calendar days (14 days from the date of the original request plus an additional 14 days if an extension is requested) if more information is needed from your PCP. In some cases, your PCP may ask to rush your referral. Expedited (rush) referrals may not take more than 72 hours. Please call our plan if you do not get a response by these times.

If you have a health problem that needs special medical care for a long time, you might need a standing referral. This means you can go to the same specialist more than once without getting a referral each time.

If you have trouble getting a standing referral or want a copy of the [Community Health Plan of Imperial Valley](#) referral policy, call [1-833-236-4141](#) (TTY 711).

You do not need a referral for:

- PCP visits
- Obstetrics/Gynecology (OB/GYN) visits
- Urgent or emergency care visits
- Adult sensitive services, such as sexual assault care
- Family planning services (to learn more, call the Office of Family Planning Information and Referral Service at 1-800-942-1054)
- HIV testing and counseling (12 years or older)
- Sexually transmitted infection services (12 years or older)
- Chiropractic services (a referral may be required when provided by out-of-network FQHCs, RHCs, and IHCPs)
- Initial mental health assessment
- Acupuncture (the first two services per month; additional appointments will need a referral)
- Podiatry services
- Eligible dental services
- Routine perinatal care from a doctor that works with Community Health Plan of Imperial Valley
- Certified nurse midwife services

Minors can also get certain outpatient mental health services, sensitive services and substance use disorder services without parent’s consent. To learn more, read “Minor

consent services” in this chapter and “Substance use disorder treatment services” in Chapter 4 of this handbook.

California Cancer Equity Act referrals

Effective treatment of complex cancers depends on many factors. These include getting the right diagnosis and getting timely treatment from cancer experts.

If you are diagnosed with a complex cancer, the new California Cancer Care Equity Act allows you to ask for a referral from your doctor to get cancer treatment from an in-network National Cancer Institute (NCI)-designated cancer center, NCI Community Oncology Research Program (NCORP)-affiliated site, or a qualifying academic cancer center.

If **Community Health Plan of Imperial Valley** does not have an in-network NCI-designated cancer center, **Community Health Plan of Imperial Valley** will allow you to ask for a referral to get cancer treatment from one of these out-of-network centers in California, if one of the out-of-network centers and **Community Health Plan of Imperial Valley** agree on payment, unless you choose a different cancer treatment provider.

If you have been diagnosed with cancer, contact **Community Health Plan of Imperial Valley** to find out if you qualify for services from one of these cancer centers.

Pre-approval (prior authorization)

For some types of care, your PCP or specialist will need to ask **Community Health Plan of Imperial Valley** for permission before you get the care. This is called asking for pre-approval or prior authorization. It means **Community Health Plan of Imperial Valley** must make sure the care is medically necessary (needed).

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed

disease, illness, or injury. For members under age 21, Medi-Cal services include care that is medically necessary to fix or help relieve a physical or mental illness or condition.

The following services always need pre-approval (prior authorization), even if you get them from a provider in the **Community Health Plan of Imperial Valley** network:

- Hospitalization, if not an emergency
- Services out of the **Community Health Plan of Imperial Valley** service area, if not an emergency or urgent care
- Outpatient surgery
- Long-term care or skilled nursing services at a nursing facility
- Specialized treatments, imaging, testing, and procedures
- Medical transportation services when it is not an emergency.

Emergency ambulance services do not require pre-approval (prior authorization).

Under Health and Safety Code Section 1367.01(h)(1), **Community Health Plan of Imperial Valley** has 5 business days from when **Community Health Plan of Imperial Valley** gets the information reasonably needed to decide (approve or deny) pre-approval (prior authorization) requests. For requests a provider made or when **Community Health Plan of Imperial Valley** finds that following the standard time frame could seriously endanger your life or health or ability to attain, maintain, or regain maximum function, **Community Health Plan of Imperial Valley** will make an expedited (fast) pre-approval (prior authorization) decision. **Community Health Plan of Imperial Valley** will give you notice as quickly as your health condition requires and no later than 72 hours after getting the request for services.

Clinical or medical staff such as doctors, nurses, and pharmacists review pre-approval (prior authorization) requests.

Community Health Plan of Imperial Valley does not influence the reviewers' decision to deny or approve coverage or services in any way. If **Community Health Plan of Imperial Valley** does not approve the request, **Community Health Plan of Imperial Valley** will send you a Notice of Action (NOA) letter. The NOA will tell you how to file an appeal if you do not agree with the decision.

Community Health Plan of Imperial Valley will contact you if **Community Health Plan of Imperial Valley** needs more information or more time to review your request.

Call member services at **1-833-236-4141** (TTY 711). **Community Health Plan of Imperial Valley** is here **24 hours a day, 7 days a week**. The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

You never need pre-approval (prior authorization) for emergency care, even if it is out of the network or out of your service area. This includes labor and delivery if you are pregnant. You do not need pre-approval (prior authorization) for certain sensitive care services. To learn more about sensitive care services, read “Sensitive care” later in this chapter.

For questions about pre-approval (prior authorization), call [1-833-236-4141](tel:1-833-236-4141) (TTY 711).

Second opinions

You might want a second opinion about care your provider says you need or about your diagnosis or treatment plan. For example, you might want a second opinion if you want to make sure your diagnosis is correct, you are not sure you need a prescribed treatment or surgery, or you have tried to follow a treatment plan and it has not worked.

If you want to get a second opinion, we will refer you to a qualified in-network provider who can give you a second opinion. For help choosing a provider, call [1-833-236-4141](tel:1-833-236-4141) (TTY 711).

[Community Health Plan of Imperial Valley](#) will pay for a second opinion if you or your in-network provider asks for it, and you get the second opinion from an in-network provider. You do not need pre-approval (prior authorization) from [Community Health Plan of Imperial Valley](#) to get a second opinion from an in-network provider. Your in-network provider can help you get a referral for a second opinion if you need one.

If there is no provider in the [Community Health Plan of Imperial Valley](#) network who can give you a second opinion, [Community Health Plan of Imperial Valley](#) will pay for a second opinion from an out-of-network provider. [Community Health Plan of Imperial Valley](#) will tell you within 5 business days if the provider you choose for a second opinion is approved. If you have a chronic, severe, or serious illness, or have an immediate and serious threat to your health, including, but not limited to, loss of life, limb, or major body part or bodily function, [Community Health Plan of Imperial Valley](#) will tell you in writing within 72 hours.

If [Community Health Plan of Imperial Valley](#) denies your request for a second opinion, you can file a grievance. To learn more about grievances, read “Complaints” in Chapter 6 of this handbook.

Sensitive care

Minor consent services

If you are under age 18, you can get some services without a parent's or guardian's permission. These services are called minor consent services.

You may get these services without your parent or guardian's permission:

- Sexual assault services, including outpatient mental health care
- Pregnancy
- Family planning and birth control
- Abortion services

If you are 12 years old or older, you may also get these services without your parent's or guardian's permission:

- Outpatient mental health care for:
 - Sexual assault
 - Incest
 - Physical assault
 - Child abuse
 - When you have thoughts of hurting yourself or others
- HIV/AIDS prevention, testing, and treatment
- Sexually transmitted infections prevention, testing, and treatment
- Substance use disorder treatment
 - To learn more, read "Substance use disorder treatment services" in Chapter 4 of this handbook.

For pregnancy testing, family planning services, birth control services, or services for sexually transmitted infections, the doctor or clinic does not have to be in the [Community Health Plan of Imperial Valley](#) network. You can choose any Medi-Cal provider and go to them for these services without a referral or pre-approval (prior authorization). For minor consent services that are not specialty mental health services, you can go to an in-network provider without a referral and without pre-approval (prior authorization). Your PCP does not have to refer you and you do not need to get pre-approval (prior authorization) from [Community Health Plan of Imperial Valley](#) to get covered minor consent services.

Minor consent services that are specialty mental health services are not covered.

Specialty mental health services are covered by the county mental health plan for the

county where you live.

Minors can talk to a representative in private about their health concerns by calling the 24/7 [nurse advice line](#). Call the [member services phone number at 1-833-236-4141](#) (TTY 711) and choose the 24-hour nurse advice line option in the menu.

[Community Health Plan of Imperial Valley](#) will not send information about getting sensitive services to parents or guardians. To learn more about how to ask for confidential communications related to sensitive services, read “Notice of privacy practices” in Chapter 7 of this handbook.

Adult sensitive care services

As an adult 18 years or older, you may not want to go to your PCP for certain sensitive or private care. You can choose any doctor or clinic for these types of care:

- Family planning and birth control including sterilization for adults 21 and older
- Pregnancy testing and counseling
- HIV/AIDS prevention and testing
- Sexually transmitted infections prevention, testing and treatment
- Sexual assault care
- Outpatient abortion services

For sensitive care, the doctor or clinic does not have to be in the [Community Health Plan of Imperial Valley](#) network. You can choose to go to any Medi-Cal provider for these services without a referral or pre-approval (prior authorization) from [Community Health Plan of Imperial Valley](#). If you got care not listed here as sensitive care from an out-of-network provider, you might have to pay for it.

If you need help finding a doctor or clinic for these services, or help getting to these services (including transportation), call [1-833-236-4141](#) (TTY 711). Or call the 24/7 [nurse advice line by calling the member services phone number at 1-833-236-4141](#) (TTY 711). Choose the 24-hour nurse advice line option in the menu.

[Community Health Plan of Imperial Valley](#) will not disclose medical information related to sensitive services to any other member without written authorization from you, the member receiving care. To learn more about how to ask for confidential communications related to sensitive services, read “Notice of privacy practices” in Chapter 7.

Moral objection

Some providers have a moral objection to some covered services. They have a right to

not offer some covered services if they morally disagree with the services. If your provider has a moral objection, they will help you find another provider for the needed services. [Community Health Plan of Imperial Valley](#) can also help you find a provider.

Some hospitals and providers do not provide one or more of these services even if they are covered by Medi-Cal:

- Family planning
- Contraceptive services, including emergency contraception
- Sterilization, including tubal ligation at the time of labor and delivery
- Infertility treatments
- Abortion

To make sure you choose a provider who can give you the care you and your family needs, call the doctor, medical group, independent practice association, or clinic you want. Or call [Community Health Plan of Imperial Valley](#) at [1-833-236-4141](tel:1-833-236-4141) (TTY 711). Ask if the provider can and will provide the services you need.

These services are available to you. [Community Health Plan of Imperial Valley](#) will make sure you and your family members can use providers (doctors, hospitals, clinics) who will give you the care you need. If you have questions or need help finding a provider, call [Community Health Plan of Imperial Valley](#) at [1-833-236-4141](tel:1-833-236-4141) (TTY 711).

Urgent care

Urgent care is **not** for an emergency or life-threatening condition. It is for services you need to prevent serious damage to your health from a sudden illness, injury or complication of a condition you already have. Most urgent care appointments do not need pre-approval (prior authorization). If you ask for an urgent care appointment, you will get an appointment within 48 hours. If the urgent care services you need require a pre-approval (prior authorization), you will get an appointment within 96 hours of your request.

For urgent care, call your PCP. If you cannot reach your PCP, call [1-833-236-4141](tel:1-833-236-4141) (TTY 711). Or you can call [the nurse advice line by calling the member services phone number at 1-833-236-4141](#) (TTY 711). [Choose the 24-hour nurse advice line option in the menu,](#) to learn the level of care that is best for you.

If you need urgent care out of the area, go to the nearest urgent care facility.

Urgent care needs could be:

- Cold
- Sore throat
- Fever
- Ear pain
- Sprained muscle
- Maternity services

You must get urgent care services from an in-network provider when you are inside **Community Health Plan of Imperial Valley's** service area. You do not need pre-approval (prior authorization) for urgent care from in-network providers inside **Community Health Plan of Imperial Valley's** service area. If you are outside the **Community Health Plan of Imperial Valley** service area, but inside the United States, you do not need pre-approval (prior authorization) to get urgent care. Go to the nearest urgent care facility. Medi-Cal does not cover urgent care services outside the United States. If you are traveling outside the United States and need urgent care, we will not cover your care.

If you need mental health urgent care, call your county mental health plan or member services at **1-833-236-4141** (TTY 711). Call your county mental health plan or your **Community Health Plan of Imperial Valley** Behavioral Health Organization any time, 24 hours a day, 7 days a week. To find all counties' toll-free telephone numbers online, go to: <http://www.dhcs.ca.gov/individuals/Pages/MHPContaktList.aspx>.

If you get medicines as part of your covered urgent care visit, **Community Health Plan of Imperial Valley** will cover them as part of your covered visit. If your urgent care provider gives you a prescription to take to a pharmacy, Medi-Cal Rx will decide if it is covered. To learn more about Medi-Cal Rx, read "Prescription drugs covered by Medi-Cal Rx" in "Other Medi-Cal programs and services" in Chapter 4.

Emergency care

For emergency care, call **911** or go to the nearest emergency room (ER). For emergency care, you do **not** need pre-approval (prior authorization) from **Community Health Plan of Imperial Valley**.

Inside the United States, including any United States Territory, you have the right to use any hospital or other setting for emergency care.

Call member services at **1-833-236-4141** (TTY 711). **Community Health Plan of Imperial Valley** is here **24 hours a day, 7 days a week**. The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

If you are outside the United States, only emergency care requiring hospitalization in Canada and Mexico are covered. Emergency care and other care in other countries are not covered.

Emergency care is for life-threatening medical conditions. This care is for an illness or injury that a prudent (reasonable) layperson (not a health care professional) with average knowledge of health and medicine could expect that, if you don't get care right away, you would place your health (or your unborn baby's health) in serious danger. This includes risking serious harm to your bodily functions, body organs or body parts. Examples may include, but are not limited to:

- Active labor
- Broken bone
- Severe pain
- Chest pain
- Trouble breathing
- Severe burn
- Drug overdose
- Fainting
- Severe bleeding
- Psychiatric emergency conditions, such as severe depression or suicidal thoughts (this may be covered by county mental health plans)

Do not go to the ER for routine care or care that is not needed right away. You should get routine care from your PCP, who knows you best. If you are not sure if your medical condition is an emergency, call your PCP. You can also call the 24/7 [nurse advice line by calling the member services phone number at 1-833-236-4141](#) (TTY 711). [Choose the 24-hour nurse advice line option in the menu.](#)

If you need emergency care away from home, go to the nearest ER even if it is not in the [Community Health Plan of Imperial Valley](#) network. If you go to an ER, ask them to call [Community Health Plan of Imperial Valley](#). You or the hospital that admitted you should call [Community Health Plan of Imperial Valley](#) within 24 hours after you get emergency care. If you are traveling outside the United States other than to Canada or Mexico, and need emergency care, [Community Health Plan of Imperial Valley](#) will **not** cover your care.

If you need emergency transportation, call **911**. You do not need to ask your PCP or [Community Health Plan of Imperial Valley](#) first before you go to the ER.

Call member services at [1-833-236-4141](#) (TTY 711). [Community Health Plan of Imperial Valley](#) is here [24 hours a day, 7 days a week](#). The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

If you need care in an out-of-network hospital after your emergency (post-stabilization care), the hospital will call [Community Health Plan of Imperial Valley](#).

Remember: Do not call **911** unless it is an emergency. Get emergency care only for an emergency, not for routine care or a minor illness like a cold or sore throat. If it is an emergency, call **911** or go to the nearest emergency room.

[Community Health Plan of Imperial Valley](#) nurse advice line gives you free medical information and advice 24 hours a day, every day of the year. Call [1-833-236-4141](tel:1-833-236-4141) (TTY 711).

Nurse Advice Line

[Community Health Plan of Imperial Valley's](#) nurse advice line can give you free medical information and advice 24 hours a day, every day of the year. Call [the 24/7 nurse advice line by calling the member services phone number at 1-833-236-4141](#) (TTY 711).

[Choose the 24-hour nurse advice line option in the menu](#) to:

- Talk to a nurse who will answer medical questions, give care advice, and help you decide if you should go to a provider right away
- Get help with medical conditions such as diabetes or asthma, including advice about what kind of provider may be right for your condition

The nurse advice line **cannot** help with clinic appointments or medicine refills. Call your provider's office if you need help with these.

Advance directives

An advance health directive is a legal form. You can list on the form the health care you want in case you cannot talk or make decisions later on. You can list what care you do **not** want. You can name someone, such as a spouse, to make decisions for your health care if you cannot.

You can get an advance directive form at pharmacies, hospitals, law offices and doctors' offices. You might have to pay for the form. You can also find and download a free form online. You can ask your family, PCP or someone you trust to help you fill out the form.

Call member services at [1-833-236-4141](tel:1-833-236-4141) (TTY 711). [Community Health Plan of Imperial Valley](#) is here [24 hours a day, 7 days a week](#). The call is free. Or call the California Relay Line at 711. Visit online at www.chpiv.org.

You have the right to have your advance directive placed in your medical records. You have the right to change or cancel your advance directive at any time.

You have the right to learn about changes to advance directive laws. **Community Health Plan of Imperial Valley** will tell you about changes to the state law no longer than 90 days after the change.

To learn more, you can call **Community Health Plan of Imperial Valley** at **1-833-236-4141**.

Organ and tissue donation

You can help save lives by becoming an organ or tissue donor. If you are between 15 and 18 years old, you can become a donor with the written consent of your parent or guardian. 4. Benefits and services

What your health plan covers

This chapter explains your covered services as a member of [Community Health Plan of Imperial Valley](#). Your covered services are free as long as they are medically necessary and provided by an in-network provider. You must ask us for pre-approval (prior authorization) if the care is out-of-network except for certain sensitive services and emergency care. Your health plan might cover medically necessary services from an out-of-network provider, but you must ask [Community Health Plan of Imperial Valley](#) for pre-approval (prior authorization) for this.

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness, or injury. For members under the age of 21, Medi-Cal services include care that is medically necessary to fix or help relieve a physical or mental illness or condition. For more on your covered services, call [1-833-236-4141](#) (TTY 711).

Members under 21 years old get extra benefits and services. To learn more, read Chapter 5, “Child and youth well care.”

Medically necessary services are reasonable and necessary to protect your life, keep you from becoming seriously ill or disabled, or reduce severe pain from a diagnosed disease, illness or injury.

Medically necessary services include those services that are necessary for age-appropriate growth and development, or to attain, maintain, or regain functional capacity.

For Members under 21 years of age, a service is medically necessary if it is necessary to correct or ameliorate defects and physical and mental illnesses or conditions under the federal Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit. This includes care that is necessary to fix or help relieve a physical or mental illness or condition or maintain the member's condition to keep it from getting worse.

Medically necessary services do not include:

- **Treatments that are untested or still being tested**
- **Services or items not generally accepted as effective**
- **Services outside the normal course and length of treatment or services that don't have clinical guidelines**
- **Services for caregiver or provider convenience**

Community Health Plan of Imperial Valley will coordinate with other programs to ensure that you receive all medically necessary services, even if those services are covered by another program and not **Community Health Plan of Imperial Valley**.

Medically necessary services include covered services that are reasonable and necessary to:

- Protect life,
- Prevent significant illness or significant disability,
- Alleviate severe pain,
- Achieve age-appropriate growth and development, or

- Attain, maintain, and regain functional capacity

For members younger than 21 years old, medically necessary services include all covered services listed above plus any other necessary health care, diagnostic services, treatment, and other measures to correct or improve defects and physical and mental illnesses and conditions, the federal Early and Periodic Screening, Diagnostic and Treatment (EPSDT) benefit requires.

EPSDT provides prevention, diagnostic, and treatment services for low-income infants, children, and adolescents under age 21. EPSDT covers more services than the benefit for adults. It is designed to make sure children get early detection and care to prevent or diagnose and treat health problems. The EPSDT goal is to make sure every child gets the health care they need when they need it – the right care to the right child at the right time in the right setting.

[Community Health Plan of Imperial Valley](#) will coordinate with other programs to make sure you get all medically necessary services, even if another program covers those services and [Community Health Plan of Imperial Valley](#) does not. Read “Other Medi-Cal programs and services” in this chapter.

Community Health Plan of Imperial Valley covers all services needed to treat a medical emergency that happens in the U.S. (including territories such as Puerto Rico, U.S. Virgin Islands, etc.). **Community Health Plan of Imperial Valley** also covers emergency care that requires hospitalization in Canada or Mexico. A medical emergency is a medical condition with severe pain or serious injury. The condition is so serious that, if it does not get immediate medical attention, a prudent (reasonable) layperson (not a health care professional) could expect it to result in:

- Serious risk to your health,
- Serious harm to bodily functions,
- Serious dysfunction of any bodily organ or part, or
- Serious risk in cases of a pregnant person in active labor, meaning labor at a time when either of the following would occur:
 - There is not enough time to safely transfer you to another hospital before delivery.
 - The transfer might pose a threat to your health or safety or to that of your unborn child.

If a hospital emergency room provider gives you up to a 72-hour supply of an outpatient prescription drug as part of your treatment, **Community Health Plan of Imperial Valley** will cover the prescription drug as part of your covered Emergency Services. If a hospital emergency room provider gives you a prescription that you have to take to an outpatient pharmacy to be filled, Medi-Cal Rx will cover that prescription.

If a pharmacist at an outpatient pharmacy gives you an **emergency supply** of a medication, that emergency supply will be covered by Medi-Cal Rx and not **Community Health Plan of Imperial Valley**. If the pharmacy needs help giving you an emergency medication supply, have them call Medi-Cal Rx at 1-800-977-2273.

Transportation benefits for situations that are not emergencies

You can get medical transportation if you have medical needs that do not allow you to use a car, bus, or taxi to your appointments. You can get medical transportation for covered services and Medi-Cal covered pharmacy appointments. You can request medical transportation by asking your doctor, dentist, podiatrist, or mental health or substance use disorder provider for it. Your provider will decide the correct type of transportation to meet your needs.

If they find that you need medical transportation, they will prescribe it by filling out a form and submitting it to [Community Health Plan of Imperial Valley](#). Once approved, the approval is good for up to 12 months, depending on the medical need. Once approved, you can get as many rides as you need. Your doctor will need to reassess your medical need for medical transportation and re-approve it every 12 months.

Medical transportation is an ambulance, litter van, wheelchair van or air transport. [Community Health Plan of Imperial Valley](#) allows the lowest cost medical transportation for your medical needs when you need a ride to your appointment. That means, for example, if you can physically or medically be transported by a wheelchair van, [Community Health Plan of Imperial Valley](#) will not pay for an ambulance. You are only entitled to air transport if your medical condition makes any form of ground transportation impossible.

You will get medical transportation if:

- It is physically or medically needed, with a written authorization by a doctor or other provider because you are not able to physically or medically able to use a bus, taxi, car, or van to get to your appointment
- You need help from the driver to and from your home, vehicle, or place of treatment due to a physical or mental disability

To ask for medical transportation that your doctor has prescribed for non-urgent

Limits of medical transportation

[Community Health Plan of Imperial Valley](#) provides the lowest cost medical transportation that meets your medical needs to the closest provider from your home where an appointment is available. You cannot get medical transportation if Medi-Cal does not cover the service you are getting, or it is not a Medi-Cal-covered pharmacy appointment. There is a list of covered services in this Member Handbook.

If Medi-Cal covers the appointment type but not through the health plan, [Community Health Plan of Imperial Valley](#) will not cover the medical transportation but can help you schedule your transportation with Medi-Cal. Transportation is not covered outside of the network or service area unless pre-authorized by [Community Health Plan of Imperial Valley](#). To learn more or to ask for medical transportation, call [Community Health Plan of Imperial Valley](#) at [1-833-236-4141](#) (TTY 711).

Other Medi-Cal programs and services

Other services you can get through Fee-for-Service (FFS) Medi-Cal or other Medi-Cal programs

[Community Health Plan of Imperial Valley](#) does not cover some services, but you can still get them through FFS Medi-Cal or other Medi-Cal programs. [Community Health Plan of Imperial Valley](#) will coordinate with other programs to make sure you get all medically necessary services, including those covered by another program and not [Community Health Plan of Imperial Valley](#). This section lists some of these services. To learn more, call [1-833-236-4141](tel:1-833-236-4141) (TTY 711).

Outpatient prescription drugs

Prescription drugs covered by Medi-Cal Rx

Prescription drugs given by a pharmacy are covered by Medi-Cal Rx, which is a Medi-Cal FFS program. [Community Health Plan of Imperial Valley](#) might cover some drugs a provider gives in an office or clinic. If your provider prescribes drugs given in the doctor's office, infusion center, or by a home infusion provider, these are considered physician-administered drugs.

If a non-pharmacy based medical health care professional administers a drug, it is covered under the medical benefit. Your provider can prescribe you drugs on the Medi-Cal Rx Contract Drugs List.

Sometimes, you need a drug not on the Contract Drugs List. These drugs need approval before you can fill the prescription at the pharmacy. Medi-Cal Rx will review and decide these requests within 24 hours.

- A pharmacist at your outpatient pharmacy may give you a 14-day emergency supply if they think you need it. Medi-Cal Rx will pay for the emergency medicine an outpatient pharmacy gives.
- Medi-Cal Rx may say no to a non-emergency request. If they do, they will send you a letter to tell you why. They will tell you what your choices are. To learn more, read "Complaints" in Chapter 6.

To find out if a drug is on the Contract Drugs List or to get a copy of the Contract Drugs List, call Medi-Cal Rx at 1-800-977-2273 (TTY 1-800-977-2273) and press 7 or 711.

If you have any questions about your prescription, ask the pharmacist.

California Children’s Services (CCS)

CCS is a Medi-Cal program that treats children under 21 years of age with certain health conditions, diseases or chronic health problems and who meet the CCS program rules. If [Community Health Plan of Imperial Valley](#) or your PCP believes your child has a CCS-eligible condition, they will be referred to the CCS county program to check if they qualify.

County CCS program staff will decide if your child qualifies for CCS services.

[Community Health Plan of Imperial Valley](#) does not decide CCS eligibility. If your child qualifies to get this type of care, CCS providers will treat him or her for the CCS-eligible condition. [Community Health Plan of Imperial Valley](#) will continue to cover the types of service that do not have to do with the CCS condition such as physicals, vaccines and well-child checkups.

[Community Health Plan of Imperial Valley](#) does not cover services that the CCS program covers. For CCS to cover these services, CCS must approve the provider, services, and equipment.

CCS does not cover all health conditions. CCS covers most health conditions that physically disable or need treatment with medicines, surgery, or rehabilitation (rehab). Examples of CCS-eligible conditions include but are not limited to:

1915(c) waiver Home and Community-Based Services (HCBS)

California's six Medi-Cal 1915(c) waivers allow the state to provide services to persons who would otherwise need care in a nursing facility or hospital in the community-based setting of their choice. Medi-Cal has an agreement with the Federal Government that allows waiver services to be offered in a private home or in a homelike community setting. The services offered under the waivers must not cost more than the alternative institutional level of care. HCBS Waiver recipients must qualify for full-scope Medi-Cal. The six Medi-Cal 1915(c) waivers are:

- California Assisted Living Waiver (ALW)
- California Self-Determination Program (SDP) Waiver for Individuals with Developmental Disabilities
- HCBS Waiver for Californians with Developmental Disabilities (HCBS-DD)

DMHC's toll-free telephone number is 1-888-466-2219 (TTY 1-877-688-9891). You can find the Independent Medical Review/Complaint form and instructions online at the DMHC's website: <https://www.dmhc.ca.gov>.

Complaints and Independent Medical Reviews (IMR) with the Department of Managed Health Care

An IMR is when an outside doctor who is not related to your health plan reviews your case. If you want an IMR, you must first file an appeal with [Community Health Plan of Imperial Valley](#). If you do not hear from your health plan within 30 calendar days, or if you are unhappy with your health plan's decision, then you may request an IMR. You must ask for an IMR within 6 months from the date on the notice telling you of the appeal decision, but you only have 120 days to request a State Hearing so if you want an IMR and a State hearing file your complaint as soon as you can. Remember, if you ask for a State Hearing first, and the hearing has already happened, you cannot ask for an IMR. In this case, the State Hearing has the final say.

You may be able to get an IMR right away without first filing an appeal with [Community Health Plan of Imperial Valley](#). This is in cases where your health concern is urgent, such as those involving a serious threat to your health.

If your complaint to DMHC does not qualify for an IMR, DMHC will still review your complaint to make sure [Community Health Plan of Imperial Valley](#) made the correct decision when you appealed its denial of services.

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at [1-833-236-4141](tel:1-833-236-4141) (TTY 711) and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions

Notice about Medi-Cal as a payer of last resort, other health coverage, and tort recovery

The Medi-Cal program follows state and federal laws and regulations relating to the legal liability of third parties for health care services to members. **Community Health Plan of Imperial Valley** will take all reasonable measures to ensure that the Medi-Cal program is the payer of last resort.

Medi-Cal members may have other health coverage (OHC), also referred to as private health insurance. As a condition of Medi-Cal eligibility, you must apply for or retain any available OHC when there is no cost to you.

Federal and state laws require Medi-Cal members to report OHC and any changes to an existing OHC. You may have to repay DHCS for any benefits paid by mistake if you don't report OHC quickly. Submit your OHC online at <http://dhcs.ca.gov/OHC>.

If you do not have access to the internet, you can report OHC to **Community Health Plan of Imperial Valley**. Or call 1-800-541-5555 (TTY 1-800-430-7077 or 711) inside California, or 1-916-636-1980 (outside California). The California Department of Health Care Services (DHCS) has the right and responsibility to collect for covered Medi-Cal services for which Medi-Cal is not the first payer. For example, if you are injured in a car accident or at work, auto or workers' compensation insurance may have to pay first, or reimburse Medi-Cal.

If you are injured, and another party is liable for your injury, you or your legal representative must notify DHCS within 30 days of filing a legal action or a claim. Submit your notification online:

- Personal Injury Program at <https://dhcs.ca.gov/PI>
- Workers' Compensation Recovery Program at <https://dhcs.ca.gov/WC>

To learn more, visit <https://dhcs.ca.gov/tplrd> or call 1-916-445-9891.
